Dear Program Directors,

We are pleased to present this exclusive "Supergroups In Concert" starring "The Fabulous Jacuzzis and One Neat Guy", better known as Phil Collins. The concert was recorded at Perkins Palace in Pasadena, California.

In addition to this great concert, and in cooperation with Atlantic Records, we've enclosed a 12" live version of Phil's soon to be released single "I Cannot Believe It's True". This version is also from the Perkins Palace concert and is backed with the studio version. Your station has clearance to air the live recording, and this is an exclusive to you. No one else in your market will have this live version for another ten days. Take advantage of it! It's a great song, and a great performance. We hope that you and your listeners will enjoy it in addition to Phil's dynamic show on "Supergroups In Concert".

Sincerely,

Paul Zullo
